

Free Recurrent float training available in your airplane!

Several MSPA member instructors have generously volunteered their time to provide ground/dual instruction during the seminar.

Instructors will be available beginning Friday, May 2nd at 12 noon. Time slots will follow at 2 pm and 4 pm Friday. Saturday, May 3rd, instruction will be available at 2 pm and 4 pm. **RESERVATIONS ARE REQUIRED!**

Please contact one of the following instructors to set up a time:

Brian Addis	651-227-8981
Waldo Anderson	612-867-8737
Mark Mathisen	612-865-4429
Jim Hancock	651-485-6073
Mary Alverson	612-240-0123
Rick Stowell	schedule on day of training

The instruction will count toward your sea wings designation! This is a great opportunity to refresh your skills for the start of the season. Don't forget to contact your insurance agent. They may give you a discount for some added dual instruction.

You must be a current MSPA member and your aircraft must have the proper paper work including weight and balance to take part. There also may be some instructors with aircraft rental available. The instructor time will be free but not their airplanes.

This is what the MSPA safety seminar is all about!
